School overview

Tamrookum State School is a small rural school 17 kms from Beaudesert. We have Prep/1, Yr 1/2, Yr 3/4, Yr 4/5 and Yr 5/6 classes and have a key focus upon Literacy & Numeracy. Each classroom receives an additional 2 hrs aide support to assist individuals with their learning and to maximise learning for all students. As well as our balanced curriculum offerings in all KLAs, we have Dance Fever activities each term: Term 1: Skipping, Term 2: Non due to COVID-19, Term 3: Dance and Term 4: Gymnastics. The local area, with schools of similar size, combines to form a strong, supportive cluster in sport, social and academic endeavours. Our Student Council is extremely dedicated and supportive in the implementation of school initiatives and the provision of resources to accompany programs. Our school has developed a strong identity within the community as a provider of educational opportunity second to none.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social Climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Description of how this school manages non-attendance

Queensland state schools manage non-attendance in line with the Queensland Department of Education procedures: [Managing Student Absences and Enforcing Enrolment and Attendance at State Schools](#); and [Roll Marking in State Schools](#), which outline processes for managing and recording student attendance and absenteeism.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and Community Engagement Framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

School disciplinary absences**Table 6: Count of school disciplinary absences at this school**

Type of school disciplinary absence	2018	2019	2020
Short Suspension	4	4	0
Long Suspension	0	0	0
Exclusion	0	0	0
Total	4	4	0

Notes

1. School disciplinary absence (SDA) data is a total of short suspensions (1–10 days), long suspensions (11–20 days), exclusions and cancellations.
2. The number of SDAs is not the number of students who received an SDA as one student may be suspended several times in a school year. Each time a student is suspended it is recorded as an additional SDA. The data does not reflect the outcomes of appeal decisions.
3. 2020 data was impacted by the COVID-19 health emergency. There were significantly fewer SDAs during the home-based learning period (the first five weeks of Term 2) compared to previous years.
